

Run Bike Swim is changing its name! It will now be known as **LAS VEGAS MULTISPORT!** We think the new name more accurately reflects our business (and now maybe people will quit giving us static about Run Bike Swim being in the wrong order!). Because we have a large supply of Run Bike Swim logo socks, we will be giving away a pair free with each purchase of \$50.00 or more! We will then be bringing in Las Vegas Multisport logo merchandise.

The hot ticket right now is compression apparel. We now stock the Kmeleon compression tights, shorts, and sports bras. The compression items have been shown to improve recovery following workouts. My wife, Linda, says that their sports bra is the most comfortable she has worn. Also, we now have the SLS3 compression socks. These are the ones you saw at Kona, as well as on a number of elite marathoners.

Just in today, January 28, is Endurance Max – the concentrated carbohydrate gel you can drink. We have all flavors in stock, and have testers so you can taste before you buy!

In case you haven't picked these up yet, we have Joe Friel's "Your First Triathlon," "The Triathlete's Training Bible," and "The Triathlete's Training Diary."

For those of you tired of smelling like chlorine, we offer the full line of TriSwim products! They make a great shampoo, body wash, conditioner, and lotion. All are great for removing the chlorine from your skin and hair. We have samples of these as well.

Speaking of smells, we also sell Win high performance sports detergent. This laundry soap contains an enzyme that helps remove the stink from your technical fabrics!

Finally, we have a large number of running shoes and a few wetsuits on clearance. Come in and take advantage of these great buys!
